Underwater Housing for  
Olympus TG-6 / TG-5

## UU-TG6

Made in Japan

# UU-TG6 UW Housing

For Olympus Tough TG-6 / TG-5

Elegant [UU-100503]

**Shutter Lever**

The shutter feel is sharper with the trigger shutter lever.

**AD Mount Interface**

The ring flash diffuser is connected by an AD mount interface for easy removal and the installation of a wide-angle conversion lens as well as macro lens.

**Ring Flash Diffuser**

When using the camera's built-in flash for macro shooting, the ring flash diffuser can soften and balance the light. The AD mount is used for easy underwater installation and disassembly. A fiber optic socket is also equipped.

**Hot Shoe Interface**

You can attach accessories such as LED light and strobe.

**Lanyard Loop**

Set one on each side. The straps can be mounted on one or both sides for easy carrying.

**Fiber-optic Cable Socket**

You can attach fiber-optic cable and connect to the external strobe.

**Thumb Grip**

The ergonomically designed camera housing is equipped with a right-handed thumb grip, easing the one-handed operation.

**Magnifier Mounting Rail**

A display magnifier can be installed to make it easier to see the subject on the camera's LCD display.
